9:00AM-2:30PM

Atlantic County, NJ

Implementing Best Business Practices; What Smart Leaders Do in Challenging Times

A 100 Best Fleets meeting of the top fleets in the East discussing solutions to the top 10 challenges facing fleets today.

Atlantic County Utilities Authority was one of the few fleets in the country to be named in the top 40 *Government Green Fleets™* in North America as well as being named among *The 100 Best Fleets in North America™*.

The discussions will include:

- **Insourcing and outsourcing** of mission critical functions
- Benchmarking of remarketing with a **live online worldwide** equipment auction
- An evaluation of operating costs for **alternative fuel vehicles**
- **Eliminating RFPs** from the purchasing process combined with volume discounts
- **Technology solutions** to the biggest challenges in 2011.

The day will include lunch and a tour of this award winning facility.

The space is limited so reserve at your earliest convenience to: tom@the100best.net.
